

DOUBLE IBC BUNDED PALLET DMXP6002 SPECIFICATIONS

All bulk containers (IBC's) must be banded to comply with regulations, which means the bund must contain the largest container should it spill. This unit offers a cost effective and space saving solution, without compromising quality.

- For storing 2 x 1000L IBC's
- Exceeds Australian standards with capacity of 1150L
- Corrosion resistant
- Manufactured in Australia
- Engineer certified SWL of 3200 kg

Heavy duty FRP grating:

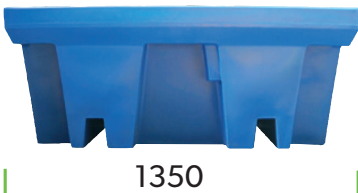

- Not subject to temperature stress & deflection.
- Anti Slip
- Low profile
- Zero 'pooling' area for dangerous chemicals
- 805 x 1220 x 25 @ 12 kg

Solid tapered lip for maximum rigidity & longevity

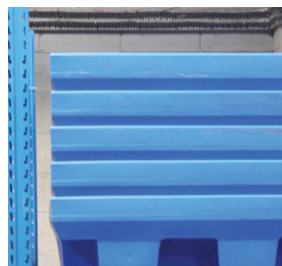

Forklift & pallet truck friendly

Super heavy-duty Polyethylene construction for harsh climates

Side

1350

Nestable for transport

Front

2560

580
