

# FORKLIFT MOUNTED MANUAL DRUM DUMPER DDR50 SPECIFICATIONS

The type DDR50 Forklift Mounted Manual Drum Dumper is designed for fast and economical 205 litre drum emptying. A Belly Strap with an eccentric lock holds the drum firmly in position. To release the drum, the Operator pulls the draw chord from the driver's seat. With the drum C of G forward of the pivot point, the drum tips forward 180° plus automatically.

This unit is ideal for scrap and waste products. The standard finish of this unit is Zinc Plated.
