# Polyethylene Corrosive Storage Cabinets

## Corrosive Resistant Latch

Comfortable ergonomic handle with no metallic parts.

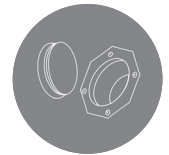

## Heavy Duty Construction

Fully welded polyethylene construction.

## Perforated Adjustable Shelves

Strong fully adjustable shelving perforated for free air movement, 100mm adjustment increments.

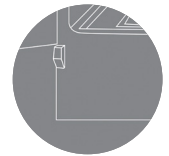

## Vent Openings

Optional flash arrestors and vent openings (for mechanical ventilation systems.)

## Complies with AS 3780:2008

Designed and manufactured in full conformance to A3780-2008 - *The storage and handling of corrosive substances.*

## High Capacity Sump

High capacity liquid tight sump to contain spills - 150mm deep.

## Additional Features

- Distinct Safety signs and directions that comply with AS 1216 and AS 1319.
- State of the art powder coat finish for high durability and performance.
- Sequential door closing system.
- Door will not open inwards and can be opened from within the cabinet.
- Manufactured in Australia.
