

# MEDICAL PATIENT WHEELCHAIR SCALE WM501 SPECIFICATIONS

The WM501 has a low profile platform design which makes it easy to roll on and off using a wheelchair. The platform is large enough to handle most types of wheelchairs. This multi-purpose scale is ideal for hospitals, medical clinics and retirement homes. It has a convenient kg/lb conversion function.

## FEATURES

- Professional patient, multi purpose scale ideal for hospitals, medical clinics and retirement homes.
- Heavy duty low profile steel construction with integrated ramps affording easy, on – off access for patients.
- Sturdy rear mounted hand rail and integrated ramps ensures patients safety when weighing either standing, with a walker, in wheel chairs or on a stationary chair.
- Collapsible hand rail, two lift handles and wheels at the rear of weigh platform allow for easy relocation and / or space saving storage.
- Easy to read 25 mm LCD display with back light.
- Auto weight-lock function on stable weight.
- Weight hold and last weight recall function.
- Body Mass Index (BMI) calculation upon height input.
- Convenient kg/lb conversion function.
- AC/DC adaptor and built in rechargeable battery operation.
- Battery life approximately 60hrs continuous use.
- Australian Register of Therapeutic Goods (ARTG) # 174863.
